### 'Just Imagine' offer Training at Hallsville

On Tuesday 22nd May Hallsville hosted reading comprehension training for teachers across London. The content of the training draws on a two-year research project managed by Just Imagine Director, **Nikki Gamble** for the London School Excellence Fund and also on work undertaken for Guiding Readers: Developing Effective Approaches to Reading Comprehension (UCL 2016).

In addition, the training included a brief introduction to the Reading Gladiators programme and also The Reading Journey which is currently being trialled in schools.

### [Reading Gladiators Programme](#)

For the past 12 months across the Agate Trust we have been implementing Reading Gladiators to our more able readers in to ensure we develop a real love of reading. So far outcomes are looking promising not just with our greater depth pupils but with the rest of our pupils who all want to read the books that are inspiring the talk and interest. The books have been carefully selected to challenge and move the children. The buzz is becoming contagious.

### Love of reading

The last 15 minutes of the day across the trust is put aside for Love of reading. This is a magical time where pupils sit back and enjoy the joy of being read to by their teacher.
